

Free Public Workshop
State Environmental Quality Review Act

Date and Time:

Tuesday, April 29, 2008
7:00 PM - 9:00 PM

Location:

West Seneca Senior Citizen Center
4620 Seneca Street

The New York State Environmental Quality Review Act (SEQRA) is a state law that requires municipalities to consider the environmental, social and economic impacts of a project before issuing an approval for subdivision, rezoning, and/or financing. The West Seneca Environmental Commission is hosting a free public workshop for Town officials, community leaders, developers and residents that will highlight the requirements of SEQRA and the opportunities for public involvement and improved community development. Learn about how the Town of West Seneca can best utilize SEQRA to ensure quality development that both protects the environment and discourages blight. For more information, contact Roberta Vallone at 725-9164. Pre-registration is required for continuing education and CLE participants.*

*This workshop is presented by the University at Buffalo Law School, Environmental Law and Policy Clinic, and qualifies for Continuing Legal Education Credits (2 credits in professional practice; no credits for transitional attorneys). With approval of the Town Board, Continuing Education credits for municipal planning and ZBA agencies may be available. UB Law School has been certified by the New York State Continuing Legal Education Board as an Accredited Provider of continuing legal education in the State of New York for the period of March 11, 2005 through March 10, 2008. Our accreditation continues while our application for renewal is pending.
