Honorable Town Board
Town of West Seneca

Re: Police Expansion Project

Honorable Town Board Members,

Four separate prime contracts were bid for the Police Expansion Project on May 7, 2013. We have completed our reference check for the General Contractor, contract GC-1 and recommend awarding a contract to Sicoli Construction in the amount of \$814,700. We completed the reference check for the other 3 prime contractors earlier in the week and provided agenda items for the electrical, mechanical and plumbing contractor separately.

Monies for this project will be paid for with various Town Grants and bonding that was approved earlier this year.

Sincerely,

Steven R. Tanner, P.E.

Town Engineer
