3. Town Engineer re Bid award of 48" Trunk Sewer Installation
- Motion by Supervisor Meegan, seconded by Councilman Hart, to award the bid for the 48" Trunk Sewer Installation Project to CATCO, 1266 Townline Road, Alden, NY 14004 at their low base bid amount of \$1,908,075 noting funding for this work is budgeted under the \$30 million capital sewer project.

On the question, Councilman Hart questioned if the bid is below the Town Engineer's estimate.

Town Engineer David Johnson responded the bid is below their estimate for the project. They met with the contractor and are comfortable that the project can be completed at bid price.

**QUASAR BUFFALO BIO-ENERGY PROJECT**

David Kims questioned the status of the Quasar issue.

Supervisor Meegan responded they have had great conversations with Quasar and were invited along with members of the Environmental Commission to tour the plant. A date for a public meeting at the senior center will be announced at the next Town Board meeting and questions submitted prior to the meeting will be addressed by Quasar's panel. Supervisor Meegan noted the site plan design that was initially proposed has been pulled and they will just continue with current operations.

Mr. Kims commented on the expiration date of the moratorium, noting that the Town of Wheatfield has passed a law with a 21 page explanation. He was concerned that Quasar will now come to West Seneca to build their storage facility.

Supervisor Meegan responded that Wheatfield is a completely different project and Quasar is not coming to West Seneca to build a storage facility.

Mr. Kims questioned if the board members were aware of an information session scheduled in the Town of Wheatfield and Supervisor Meegan responded she is aware of the meeting.

**STREET SWEEPING SCHEDULE**

William Mayback stated he feels Highway Supt. Matthew English is doing a good job; however, he voiced his concern regarding the street sweeper being on Treehaven Road August 8, August 11<sup>th</sup> and other recent dates, stating it is a waste of taxpayer money. Although he likes a clean street and a clean neighborhood, he would rather have his taxes lowered. Mr. Mayback stated he is a licensed real estate agent and constantly hears that taxes in West Seneca are too high. He suggested town representatives stop talking about reducing taxes and do something about it, noting he has had ten tax increases in 13 years. Mr. Mayback questioned the cost of equipment and manpower associated with street sweeping and why they would sweep the same street so many times.

Highway Supt. Matthew English responded that from May to August each street is typically swept three times. He had no explanation as to why Treehaven Road had back to back weeks of street sweeping, but noted there are instances streets are swept when spills are reported. Mr. English stated he will talk to the employees who run the street sweepers.

**DEC PERMITS FOR CLEANING CREEKS**

Councilman Hart questioned the extent of the DEC permit to clear shoals in Buffalo Creek.

Highway Supt. Matthew English stated the permit is limited to the area at the bridge and crews have been working in Buffalo Creek and will continue to do so this entire week, weather permitting. The plan is to push shoals to the north bank and most trees have already been removed. Crews have removed trees by the black bridge and will continue to make their way to where Buffalo Creek and Cayuga Creek meet. The plan for Cazenovia Creek is to remove the debris clogged in the fingers.

Michelle Pikula, a resident of Lexington Green, voiced her concern regarding stones being pushed on the north shore, noting when it rains water spills off into that area. She questioned why the Indian Church Road side of the street is not used and if the initial permit application is for all of Buffalo Creek.

Mr. English responded the initial permit application is not for all of Buffalo Creek and when he met with the DEC and their biologist it was their suggestion that stones be pushed to the left side. The DEC and their biologist determined that the designated permit area is the spot that will alleviate the flooding.

Ms. Pikula commented that her property goes to the middle of the creek and she has lost land over the years due to erosion. She feels the DEC and Army Corp of Engineers have neglected taking care of the creek. Ms. Pikula further stated during the flood there was no water runoff on the Clinton Street side of the creek.

Mr. English responded that part of the study being conducted by the DEC is how to get water to the strawberry fields on Clinton Street.

Councilman Hart announced a community forum will take place on Wednesday, September 10<sup>th</sup> at the Covenant Church. Supervisor Meegan, Mr. English, Code Enforcement Officer John Gullo and Town Engineer David Johnson will be present at the meeting and they have invited the DEC and Army Corps of Engineers. Councilman Hart questioned the status of the Flood Relief Committee.

Ms. Pikula responded that work is continuing daily. EB Galaxy dropped off topsoil on Lexington Green and neighbors are assisting an elderly resident on Frank Court.

Supervisor Meegan stated that last Friday she gave a letter to Kathy Hochul to be delivered to Governor Cuomo asking for assistance.

**ISSUES OF THE PUBLIC**

**HIRING OF FULL-TIME SANITATION LABORER**

Dale Clarke questioned who was appointed to the full-time position in the sanitation department.

Supervisor Meegan responded no one was appointed; the item remained tabled.

Dale Clarke questioned why Councilman Hanley continues to deny his political involvement regarding this appointment and referred to a previous meeting where Councilman Hanley commented on hard work and job performance being the basis of hiring vs. hiring individuals who circulate petitions and work on campaigns. Mr. Clarke noted the individual Councilman Hanley is proposing for the job, Mr. Dyson, is running for the democratic committee.

Councilman Hanley stated he did not know Mr. Dyson and noted it is a different person, although they are related.

Mr. Clarke further referred to a West Seneca Bee editorial from 2011 concerning hiring practices and knowing someone to get a job. He acknowledged there are reasons why certain individuals are and are not appointed to positions, but questioned the motivation behind this particular appointment.

Councilman Hanley responded the results of a West Seneca Bee poll that questioned who should be responsible for hiring in town were: 78% - Town Board; 22% - Department Heads.

Highway Supt. Matthew English stated it is a travesty and disheartening that an employee who has worked hard and lifted garbage through blizzards and snowstorms is being bypassed for a full-time position by someone who has worked less than four months. Mr. English stated since he has taken office he has always followed the practice of recommending the most senior person on the alternate list who has a Commercial Drivers License (CDL). He further stated politics should not be playing a role in this case.

Councilman Hanley responded he is not playing politics and all his decisions are based on what is best for the residents of West Seneca, noting he went through years of records and had paperwork showing where other employees were chosen ahead of senior people. Councilman Hanley stated he is not in favor of handing out jobs based on someone being a friend or family member.

**PRESENTATION OF COMMUNICATIONS BY BOARD MEMBERS AND DEPARTMENT HEADS**

**HUMAN RESOURCE POSITION / PAYROLL ACCOUNT**

Supervisor Meegan stated several inquiries were received on the request for quotes (rfq) for the Human Resource Department. Information was also provided on the payroll account, so meetings will need to be scheduled this week to go forward with both issues.

**BUDGET MEETINGS**

Supervisor Meegan announced budget hearing meetings are tentatively scheduled to be held on October 20<sup>th</sup> at 6 P.M. and November 10<sup>th</sup> at either 3 or 6 P.M. at Town Hall.

**RURAL METRO CONTRACT**

Supervisor Meegan questioned the status of the Rural Metro contract that expired July 1<sup>st</sup>, stating she had spoken to a gentleman from Vigilant Fire Company who has some thoughts.

Attorney for the Town Charles Grieco responded he also has had conversations and is aware of the situation.

**FUEL COST FOR FIRE DISTRICTS**

Councilman Hart stated he received a letter from Paul Notaro who is representing some fire districts in town concerning their cost for fuel. He questioned if the fire districts are looking to negotiate the price.

Highway Supt. Matthew English responded he received the letter, called Mr. Notaro and has yet to hear back. Three of the five fire companies have no problem with the cost and he is unsure as to whether or not they want to negotiate the price. Information that is being requested will be released once a FOIL request is received. Mr. English stated he will discuss this further in executive session if necessary.

**EXECUTIVE SESSION**

Motion by Supervisor Meegan, seconded by Councilman Hart, to recess to Executive Session at 3:20 P.M. to discuss contractual issues.
