Request of Joseph Kandefer of Kandey Co. Inc. for a variance for property located at 15 Ransier Drive to construct an addition reducing rear setback to 15' (minimum 50' rear setback required)

Chairman Elling stated he is recusing from voting on this item.

Joseph Kandefer of Kandey Company presented his proposal for a 50' x 80' rear addition on the building at 15 Ransier Drive. The addition will be used for indoor storage of construction equipment and will help in cleaning up the yard. The rear setback will be reduced to 15' from the north property line, the same distance as Buffalo Felt located next door. Mr. Kandefer sent neighbor letters by certified mail to the four adjacent property owners. Two neighbors responded they had no problem with the project and there was no response from the other two.

Mrs. Hicks stated she had spoken to the property owner at 233 Seneca Creek Road and they had no problem with the addition provided there will be no storage of equipment and construction debris between the building and the property line.

Mr. Kandefer responded there will be no storage of equipment and the unsightly materials are stored on his other property at 70 Ransier Drive.

Chairman Elling stated he was in receipt of letters of approval from property owners at 227 & 239 Seneca Creek Road.

No comments were received from the public.

Motion by Hughes, seconded by Hicks, to close the public hearing and grant a variance for property located at 15 Ransier Drive to construct an addition reducing rear setback to 15'.

Request of Linda Ross for a variance for property located at 479 Fisher Road to allow a two-family home on 70' frontage lot (85' frontage required)

A representative for Linda Ross stated the house at 479 Fisher Road has been used as an in-law apartment since 1993. Ms. Ross now wants to sell the house as a two-family home and needs a variance due to the 70' frontage. There is a two-car garage and an extra driveway pad, so there is room for six vehicles to park.

Mr. Marzullo questioned if there are separate entrances for a two-family home.

Code Enforcement Officer Jeffrey Baksa stated upon filing for a building permit his department will ensure the house is in compliance with the requirements for a two-family home.

Chairman Elling stated he was in receipt of letters of approval from property owners at 368, 473, 487 and 717 Fisher Road along with a no recommendation response from Erie County.
