Town of West Seneca

**Re: Queens Landing Subdivision
ECWA Required Resolution for additional Hydrants**

Honorable Board Members,

For the Queens Landing Subdivision, the development will require 8 new hydrants. This is in an Erie County Water Authority direct service area and the Fire District currently pays the Erie County Water Authority a fee of \$229.08 per hydrant for exercising the valves on these hydrants and future hydrant replacement as necessary for their proper maintenance and use. The ECWA requires that when hydrants are added that the Town Board acknowledges their addition through the approval of a resolution. Please consider and approve the resolution below:

“The Town Board of the Town of West Seneca acknowledges the additional of 8 new hydrants for the Queens Landing Subdivision. Further the Town acknowledges on behalf of the fire district and resolves to pay for the Hydrant Fee that will be charged by the Erie County Water Authority (ECWA) in the amount of \$229.08 per hydrant in this ECWA direct service area”

Very truly yours,

Steven R. Tanner, P.E.
Town Engineer
