**Re: Westgate Estates
Out of District Sewer Use Agreement**

Honorable Board Members,

Westgate estates, located in the Town of Orchard Park, would like to connect to Town of West Seneca Sewer System. Their plans had previously been reviewed and approved and they have paid the town sewer mitigation fees required. Please authorize the Town Attorney to draft an out of district sewer use agreement and allow the supervisor to sign the agreement in order to establish ongoing billing for this out of district sewer user.

Very truly yours,
