Honorable Town Board  
Town of West Seneca

**Re: Sewer District 6/Plant 6 Sewer Transmission Main Repairs**

Honorable Board Members,

Bids were advertised in the West Seneca Bee on November 3, 2016 for repair work required due to multiple sinkholes that were found leading to Plant 6. Subsequent video review showed deficient and cracking pipe along the alignment of the 24" transmission main leading to the plant. Bids were opened on November 17, 2016. Only one contractor responded to the bid advertisement. The bid was from Milherst Construction from Clarence Center New York. The bid was in the amount of \$185,750. According to the Town's financial consultant, there is approximately \$1million of fund balance in sewer district 6. We recommend the Town board accept this bid and authorize the work to proceed. We would then coordinate a fund balance transfer to a new account that would be set up to pay for this work.

Very truly yours,

A handwritten signature in black ink, appearing to read "S. R. Tanner".

Steven R. Tanner, P.E.  
Town Engineer
