

NEW BUSINESS

11-A ANNOUNCEMENTS

- Supervisor Dickson re State and Municipal Facilities Program grant extension until March 15, 2022, for the construction of a comfort station and pavilion at Veterans Park
- Supervisor Dickson re Presentation on American Rescue Plan guidelines for use of funds: \$8,508,246

Councilman Bauer stated he would like to schedule meetings to review and discuss possible uses of the money; the sewer systems are a major concern and getting plans and costs drawn up would be beneficial.

Councilman Piekarec expressed support in using a portion of the funds for the sewer systems and questioned the types of highway maintenance that would be approved; repaving roads should be considered.

Councilman Hanley referred to police vehicles/equipment and lost revenue in Recreation, questioning if they would qualify. Supervisor Dickson stated anything that assists the town in providing services are most likely covered but there are unknowns.

- Supervisor Dickson re Fireworks

Chief Denz referred to §270 of NYS Penal Law, some fireworks are legal. To enforce the law, a police officer must witness the event and the perpetrator. The department responds to all complaints and mediates to the best of their ability.

- Supervisor Dickson re Appointment of Marilyn Stephens to the Senior Services Advisory Board
- Councilman Piekarec re Appointment of Donna Duchene to the Senior Services Advisory Board
- Councilman Piekarec re Term Limits

Councilman Piekarec stated he removed the Town Clerk and Highway Superintendent from the term limits after considering feedback from members of the public.

Councilman Cantafio recognized Councilman Piekarec's compromise and questioned if he came across any research that term limits have eliminated the issues of corruption and complacency. Councilman Piekarec replied term limits give new people a chance to serve and is not certain if there is a statistical research study on complacency, any time someone is in a job for a long time they just go through the motions. Councilman Piekarec further stated, corruption is a broad term, in general a multitude of politicians get in trouble, with higher numbers in Congress and the State legislature than local towns and believes it could happen. Additionally, people get less arrogant when they have been in a position for a shorter time.

Councilman Cantafio presented research on corruption and complacency covering the last thirty years including over forty studies on local, state, and national governments:

- ✓ Most corruption occurs within the first two terms
- ✓ Term limits increase the special interest in party leaders
- ✓ Term limits lead to politicians shirking responsibility
- ✓ Term limits result in higher spending
- ✓ Quality of government decreases - lack of responsiveness to constituents as office holders will run for another office or become anointers with party leaders
- ✓ No differences in composition or demographics with candidates that would replace office holders
- ✓ NYS 2016 statistic: out of 932 towns, only 8 have term limits
- ✓ Both sides of the isle have said leadership on its way out would have less incentive to restrain unpopular impulses
- ✓ Dr. Yacobucci, of Buffalo State College, conducted a peer review summary which included over 40 studies which showed: the overall negative impacts in term limits outweigh the potential benefits; with over thirty years of extensive research in the US and abroad, it's become clear term limits result in more harm than good, term limits are a direct attack on the democratic process by removing the candidates that appeal to the electorate

Councilman Cantafio reiterated he will weigh the research with the thoughts presented as well as the voters' wishes; further, term limits was not a concern he was made aware of by constituents. Councilman Cantafio questioned if the term limits law will achieve the benefits being sought when research has shown otherwise. One example being the downsizing and, ultimately, upsizing of the Town Board. Councilman Cantafio invited Councilman Piekarec to present research to support his argument for term limits.

Councilman Piekarec reviewed the history of town elections and stated term limits open the opportunity to newcomers; further stating it is his opinion term limits take the power away from party bosses and special interests.

Councilman Cantafio stated his agreement with more people being involved and the voters having more options, but research has shown term limits have the opposite effect.

Supervisor Dickson referred to the power of the party bosses and incumbents anointing their successor, believing this to be true. Supervisor Dickson observed this has not happened in the last twenty years in West Seneca in the Supervisor's race; the Councilman races are very competitive, the Town Clerk has not had opposition for the last twenty years, and the Highway Superintendent has had only one competitive race.

Town Attorney Hawthorne stated referendums are governed by NYS Municipal Home Rule Law, §23 and 24 identify items that are subject to mandatory or permissive referendums. There is no provision that allows a legislative body, like a town board, to determine for itself whether they are going to make an item subject to a referendum. Further, case law refers to this as an advisory referendum – taking the temperature of the voters - and is prohibited by NYS case law as it shifts the burden of decision making responsibility onto the residents. In Ms. Hawthorne's opinion this would be an advisory referendum.

Councilman Piekarec stated most town boards have passed the term limits laws with Tonawanda being the only one that had a referendum; no legal challenges have been made. Town Attorney Hawthorne concurred but cannot find anything about the actual referendum to know if it was correct or not.

Councilman Cantafio stated he respectfully disagreed that this would be an advisory referendum but will be able to decide in the best interest of the town and reiterated that term limits was not an issue brought to his attention.

Councilman Hanley stated he liked term limits under the right circumstances but agrees with Councilman's Bauer's statements about the obligation and privilege voters have to limit terms; it is not fair for the current Town Board to set the term limit. The online poll represented less than 1% of the town. Long term office holders do offer benefits to the town and there has not been an instance of corruption in the town. Only three municipalities in Western New York have term limits. Further, a study from 1990 stated term limits result in short sighted policies. States with term limits are more likely to run year end general fund balances on average 2% lower than states without term limits.

Councilman Bauer stated many have experienced the problem of finding good, dedicated employees and would hate to lose good people because of term limits. Councilman Piekarec replied this would not apply to department heads and employees.

A resident questioned if they could walk a petition to force a referendum. Town Attorney Hawthorne stated it does not fall under that section of the law.

11-B COMMUNICATIONS TO BE VOTED ON

1. Councilman Piekarec re Resignation of Michael Casciano from Internal Audit Committee

Motion by Supervisor Dickson, seconded by Councilman Piekarec, to accept the resignation of Michael Casciano from the Internal Audit Committee effective May 5, 2021.

Ayes: All

Noes: None

Motion Carried

2. Town Attorney Hawthorne re Historic Preservation – Preservation Studios Proposal

Motion by Councilman Bauer, seconded by Councilman Piekarec, to adopt the following resolution for the engagement of professional services provided by Preservation Studios pursuant to the attached proposal to assist the town with historic preservation of buildings and structures:

WHEREAS, the Town of West Seneca (hereinafter referred to as "Town") recognizes that there exists places, sites, structures, and buildings of historic or architectural significance, antiquity, uniqueness of exterior design or construction in the Town that should be conserved, protected and preserved to maintain the architectural character of the Town, to contribute to the aesthetic value of the Town, and to promote the general good, welfare, health and safety of the Town and its residents; and

WHEREAS, the Town seeks to utilize the Preservation Studios to provide professional services to assist the Town in preserving the structures and buildings of historic or architectural significance by adoption of a local law, public outreach and education, establishment of a historic preservation commission,

training the commission members, guidance related to commission activities, and the establishment of design guidelines; and

NOW THEREFORE, be it resolved that the Town Board hereby accepts the written proposal by Preservation Studios and authorizes the Supervisor to execute any necessary documents for the engagement of Preservation Studios as per the attached proposal.

On the question, Councilman Bauer stated this is a onetime fee, the intent to get the preservation commission established, going forward they can apply for grant funding to repair and/or purchase the properties, over fifty properties that are over 140 years old. There will be a public meeting to hear from the property owners.

A representative from Preservation Studio's stated the current board has previously heard a presentation. There are many properties that can benefit from grant funding for historical preservation, but a formal preservation commission must be established first. Most of the surrounding communities have commissions.

Supervisor Dickson stated there is money allocated and it will not impact the budget.

Motion by Supervisor Dickson, seconded by Councilman Hanley, to authorize the Supervisor to execute the necessary documents to enter into an agreement with the West Seneca Women's Club for use of the Soccer Park between May 27 – June 10, 2021.

Ayes: All

Noes: None

Motion Carried

ISSUES OF THE PUBLIC

James Manley of the Joint Veterans Committee requested the Town Board create a committee to explore the restoration of the Gatling gun, which has an estimated value of \$250,000. Supervisor Dickson asked how much this might cost and who might do the restoration. Mr. Manley does not know the cost and knew at one time the University at Buffalo had a department that performed restorations. Supervisor Dickson discussed the size of the gun and the amount of space needed. Councilman Cantafio volunteered to be on the committee as there is much history involved. Director of Senior Services offered space at the Senior Center as many veterans are members.

COMMUNICATIONS BY BOARD MEMBERS AND DEPARTMENT HEADS

Recreation Supervisor Masset

- Approximately 60 families will be receiving refunds
- Splash pad and mushroom are not effected by staffing shortages

Councilman Hanley

- Complaints about the canopy at abandoned gas station at Mineral Springs Road and Harlem Road, working with Code Enforcement, considering demolition

Supervisor Dickson

- Marijuana dispensaries options, consider the revenue from sales – approximately \$80,000; would like a broad survey to be conducted; Chief Denz stated his opinion on the legalization of marijuana: law was rushed, does not address many issues including the sale of edibles – which account for three quarters of consumption, black market of marijuana from Canada is exploding across the country, will not be a large money generator, encouraged the Town Board to survey other municipalities.

Councilman Piekarec questioned how zoning may be impacted – Town Attorney Hawthorne replied she does not know at this point. Supervisor Dickson believes dispensaries are retail businesses and must following the appropriate zoning; further the town can require retail marijuana businesses to have a special use permit.

Councilman Cantafio

- Encouraged all to participate in the survey or to contact any council member
- Deer Task Force had first meeting
- Commended Jim Manley on the Memorial Day Ceremony; soloist is a student from West Senior High School - Talia Mobley

Councilman Bauer

- Apologized to the families affected by the cancelling of the swim lessons; would like to pursue a full-time position for the Recreation Department

Director of Senior Services

- June newsletter is online
- Membership is free, eligible at fifty years of age

FARMERS MARKET

- Lions Bandshell concerts to resume in July
- Farmer's Market is held every Thursday

ADJOURNMENT

Motion by Supervisor Dickson, seconded by Councilman Hanley, to adjourn the meeting at 7:41 P.M.

Ayes: All

Noes: None
