Buffalo, New York 14209

Dear Matthew Carver:

Permit Review Status

Robert J. Stransky Memorial Complex
2885 Clinton Street
Town of West Seneca, Erie County

This letter serves as an update on the permit review status of the above-mentioned project. The Department received the Joint Application Form and project plans on May 11, 2021. During our review period we have also received other application materials including updated project plans and wetland delineation requirements. The Department is also in receipt of the United States Army Corps of Engineers "no permit required" approval letter. All application materials have been reviewed and DEC does not anticipate requiring any further application materials at this time.

Please be advised, this project is considered major under the Uniform Procedures Act. Projects deemed major require public notice and a 15-day public comment period. The Department plans to issue a Notice of Complete Application once we have received an approval letter from NYS Office of Parks, Recreation and Historic Preservation regarding their concerns as reviewed under the State Historic Preservation Act. We are aware your submission to SHPO is currently in the 30-day review window for Indian Nations final comments.

If you have any other questions, please feel free to contact me at kerri.pickard-depriet@dec.ny.gov or at 716/851-7165.

Sincerely,

Kerri Pickard-DePriest
