Short Environmental Assessment Form Part 1 - Project Information

Instructions for Completing

Part 1 – Project Information. The applicant or project sponsor is responsible for the completion of Part 1. Responses become part of the application for approval or funding, are subject to public review, and may be subject to further verification. Complete Part 1 based on information currently available. If additional research or investigation would be needed to fully respond to any item, please answer as thoroughly as possible based on current information.

Complete all items in Part 1. You may also provide any additional information which you believe will be needed by or useful to the lead agency; attach additional pages as necessary to supplement any item.

Part 1 – Project and Sponsor Information				
Name of Action or Project:				
Proposed Car Wash				= 1
Project Location (describe, and attach a location map):				
5700 Seneca St Town of West Seneca Erie County			, la	
Brief Description of Proposed Action:				
Proposed 4,096 sf tunnel car wash with associated site improvements to include vacuum specific diveway on Seneca Street is proposed and the existing driveway on Transit Road will remain demolished. The site is zoned C-2 which allows the car wash with a special use permit.	paces and employee ain. The site is currer	parking spaces. A htty occupied by a	new full acc building whi	cess ch will be

City/PO:	State:	Zip Code:		
Buffalo	NY	14203	1	
 Does the proposed action only involve the legislative adoption of a plan, loadministrative rule, or regulation? If Yes, attach a narrative description of the intent of the proposed action and the may be affected in the municipality and proceed to Part 2. If no, continue to question is a permit, approval or funding from any of the proposed action require a permit, approval or funding from any of the proposed action require a permit or approval: NYSDOT, Eric County Highway 	e environmental re- uestion 2.	sources that	NO NO	YES YES
3. a. Total acreage of the site of the proposed action? b. Total acreage to be physically disturbed? c. Total acreage (project site and any contiguous properties) owned or controlled by the applicant or project sponsor?	1.1 acres 1.1 acres 1.1 acres			✓
4. Check all land uses that occur on, are adjoining or near the proposed action 5. Urban Rural (non-agriculture) Industrial Comme Forest Agriculture Aquatic Other(S Parkland	rcial 🔽 Residen	tial (suburban)		

5. Is the proposed action,	NO	YES	N/A
a. A permitted use under the zoning regulations?	П		П
	計		H
b. Consistent with the adopted comprehensive plan?		V	Ш
6. Is the proposed action consistent with the predominant character of the existing built or natural landscape	?	NO	YES
6. Is the proposed action consistent with the predominant character of the existing built of hactian landscape.		Ш	V
7. Is the site of the proposed action located in, or does it adjoin, a state listed Critical Environmental Area?		NO	YES
If Yes, identify:		V	
		NO	YES
8. a. Will the proposed action result in a substantial increase in traffic above present levels?		7	
b. Are public transportation services available at or near the site of the proposed action?			片
			V
c. Are any pedestrian accommodations or bicycle routes available on or near the site of the proposed action?		$ \sqcup $	V
9. Does the proposed action meet or exceed the state energy code requirements?		NO	YES
If the proposed action will exceed requirements, describe design features and technologies:			
		П	1
		NO	YES
10. Will the proposed action connect to an existing public/private water supply?		NO	ILS
If No, describe method for providing potable water:			
11. Will the proposed action connect to existing wastewater utilities?		NO	YES
11. Will the proposed action connect to existing wastewater utilities:		NO	ILS
If No, describe method for providing wastewater treatment:			
12. a. Does the project site contain, or is it substantially contiguous to, a building, archaeological site, or distri	rict	NO	YES
which is listed on the National or State Register of Historic Places, or that has been determined by the			
Commissioner of the NYS Office of Parks, Recreation and Historic Preservation to be eligible for listing on the State Register of Historic Places?	ne	V	
Note per item b. below, the site is fully developed and therefore previously disturbed.			
b. Is the project site, or any portion of it, located in or adjacent to an area designated as sensitive for		$ \Box$	V
archaeological sites on the NY State Historic Preservation Office (SHPO) archaeological site inventory?			
13. a. Does any portion of the site of the proposed action, or lands adjoining the proposed action, contain		NO	YES
wetlands or other waterbodies regulated by a federal, state or local agency?		V	
b. Would the proposed action physically alter, or encroach into, any existing wetland or waterbody?		1	
If Yes, identify the wetland or waterbody and extent of alterations in square feet or acres:			

14. Identify the typical habitat types that occur on, or are likely to be found on the project site. Check all that apply:		
Shoreline Forest Agricultural/grasslands Early mid-successional		
□Wetland □ Urban ☑ Suburban		
15. Does the site of the proposed action contain any species of animal, or associated habitats, listed by the State or	NO	YES
Federal government as threatened or endangered?	√	
16. Is the project site located in the 100-year flood plan?	NO	YES
	√	
17. Will the proposed action create storm water discharge, either from point or non-point sources?	NO	YES
If Yes,		\checkmark
a. Will storm water discharges flow to adjacent properties?		√
b. Will storm water discharges be directed to established conveyance systems (runoff and storm drains)?		√
If Yes, briefly describe:		
Storm water will follow existing drainage paths. There is an easement in place to allow storm water to discharge to the storm drainage system on the property to the west. Discharge will follow the proposed private onsite storm water management system.		
18. Does the proposed action include construction or other activities that would result in the impoundment of water	NO	YES
or other liquids (e.g., retention pond, waste lagoon, dam)? If Yes, explain the purpose and size of the impoundment:	l	
Storm water management, most likely underground storage, size TBD	Ш	\checkmark
19. Has the site of the proposed action or an adjoining property been the location of an active or closed solid waste management facility?	NO	YES
If Yes, describe:	1	П
		ш
20.Has the site of the proposed action or an adjoining property been the subject of remediation (ongoing or	NO	YES
completed) for hazardous waste? If Yes, describe:		
ii res, describe.	1
