**Subject:** chicken variance

Jeff Baksa

## Good Morning Jeff,

Thank you for speaking with me earlier regarding the process to request a variance to keep chickens on my property.

Please see the paragraph below explaining the request:

I respectfully appeal to the West Seneca Town Board for consideration for a variance to keep six hens on our future property at 722 Cindy Lane (estimated closing date September 29). If granted our appeal, we will keep the coop at the back of the yard, at least 10 feet from any dwelling and 3 feet from side property lines. We have raised our small flock by hand over the past two years, and they have become like members of our family. They contribute not only to our daily lives but also to the overall welfare of the environment. As a professional with degrees in Registered Nursing and Animal Management, I am well-versed in the importance of maintaining clean, enriching and well-managed living spaces, ensuring that the coop is well kept and free from pests at all times. Allowing us to keep these hens would not only provide our family with a sustainable source of fresh eggs but also serve as an educational opportunity for my family, promoting awareness about responsible animal care and the importance of local food production and promoting a more environmentally stable lifestyle. Additionally, their natural foraging behavior can aid in pest control as chickens love to eat bugs, especially grubs and ticks, reducing the need for harmful chemical pesticides. In light of my experience, dedication, and commitment to upholding the well-being of both our small flock and our community, I kindly request the town board's approval to continue raising these hens in our new suburban setting.

Meg McCarthy BSN, RN – IBCLC 1602 State Route 19 Wyoming, NY 14591
